Parks and Recreation Department

**To our valued customers:**

As the year draws to a close, we would like to express our thanks and appreciation to all of our customers who have used the Kiwanis Park Batting Range over the past year. Please accept our thanks and gratitude for your patronage and continued use of our facilities.

From the time we first opened in August of 1990 to the present, the Kiwanis Park Batting Range has strived to provide customers with the best hitting facility in the Valley. Throughout the years, we have absorbed increases in labor and maintenance expenses; yet, have resisted changing our prices in an effort to continue providing our loyal customers with the best value. However, in an effort to maintain the quality and performance level that you are accustomed to, it will be necessary for us to increase our token prices.

- Therefore, beginning **January 17, 2007**, the price of tokens at the Kiwanis Park Batting Range will change from **\$.50 per token to \$1.00 per token**.
- On a positive note, the number of pitches per token will increase from **12 pitches to 16 pitches**.
- We have kept this raise as minimal as possible so that we may continue to keep our commitment of value to you.
- This price increase will allow us to keep up with the increased cost of maintenance, allow us to better service your hitting needs with improvements to the facility, and continue to provide the value and service that we are known for by our customers.

We will continue to put forth our best effort to tailor the facility to your hitting needs, as well as continue to provide you with the best customer service. Thank you for your understanding and for choosing the Kiwanis Park Batting Range as your hitting headquarters. We appreciate your support and continued use of our facilities! If you have any further questions, please let us know.

Sincerely,

Carrie Reither  
Batting Range Coordinator
